**Great Lakes Science Center celebrates all the hard-working
dads (and dogs!) this Father's Day weekend**

CLEVELAND (May 24, 2019) – Dads' day is going to the dogs at Great Lakes Science Center Saturday, June 15 and Sunday, June 16! The Science Center will premiere "Superpower Dogs," a brand new movie in the Cleveland Clinic DOME Theater AND give all dads half off the price of any general admission or combo admission ticket.

Make that combo admission ticket for the DOME Theater and check out "Superpower Dogs," an immersive, giant-screen adventure that puts the spotlight on the life-saving "superpowers" and extraordinary bravery of some of the world's most amazing dogs! In this inspiring true story, narrated by Chris Evans, we journey around the world meeting remarkable dogs who save lives and discover the powerful bonds they share with their human partners.

There's "Halo," a rookie puppy training to join one of the most elite disaster response teams in America; "Henry," an avalanche rescue expert in the mountains of British Columbia; "Reef," a Newfoundland lifeguard with the Italian coast guard; "Ricochet," a Californian surf legend helping people with special needs; and the bloodhound brothers "Tipper" and "Tony" who are leading the fight to save endangered species in Africa.

The half-price admission deal is open to all dads (or uncles, grandpas, brothers, stepdads, etc.), and guests of all ages can check out special amazing science demos, the Lift Off! Big Science Show and hands-on activities including a "Chemistry of You" lab sponsored by BASF where guests will learn all about DNA, and what makes each of them unique.

Make lasting memories, see an uplifting movie about our four-legged friends, and give dad the gift he really wants, quality time spent with family!

"Superpower Dogs" will play at noon, 2 p.m. and 4 p.m. daily for the summer, beginning on Saturday, June 15.

(Editor's note: The Science Center has returned to its seven-day-a-week summer operating hours. The museum is open from 10 a.m. to 5 p.m. Monday through Saturday and noon to 5 p.m. on Sundays.)

About Great Lakes Science Center

Great Lakes Science Center, home of the NASA Glenn Visitor Center, makes science,

technology, engineering and math (STEM) come alive for more than 300,000 visitors a year through hundreds of hands-on exhibits, temporary exhibitions, the Cleveland Clinic DOME Theater, Steamship *William G. Mather*, daily science demonstrations, seasonal camps, and more. The Science Center is funded in part by the citizens of Cuyahoga County through Cuyahoga Arts and Culture. Visit **GreatScience.com** for more information.
