# STAY CURIOUS!

Welcome to Camp Curiosity 2024! We know your kids thrive on the fun of learning new things and challenging themselves with new experiences. Our week-long, summer day camps for kids in grades K-6 feature a variety of STEM themes, offering them unforgettable science adventures, opportunities to grow their interests and make new friends, and the chance to develop their communication and problem-solving skills as well!

This year, we have tons of new camps with themes focusing on nature, music, space, LEGOs, and technology, and a few returning favorites (we see you Minecraft fans!). A new partnership with Museum of Contemporary Art (moCa) Cleveland has led to brand-new art themed camps, and excitement over this summer's Olympic Games has led to the creation of new sports themed camps! Camp themes are available for both grade bands (K-2 and 3-6), but specific activities are tailored appropriately for each age group. There are also new lunch options this year featuring a wider variety of items, including vegetarian and gluten and dairy free choices, and plenty of fresh fruits and veggies.

Sessions begin June 3 and run through the week of August 12.

Register by March 31 and receive \$20 off. Register by April 30 and save \$10. Discounts are also available for multi-week registration, siblings, and returning camp alumni, and discounts can be combined. Members always save \$25 per camp. Before- and after-care are available. Scholarships are also available, which allow us to provide summer camp opportunities to underserved youth. (See page 10 for more information on discounts and scholarship application information.)

## Table of Contents

**03** Welcome

**08** Camp Calendar

**04** K-2 Camps

**10** Registration

**06** 3-6 Camps

# K-2 CAMPS

8:15 a.m. to 4 p.m.

## ZooVenture

June 3-7

Lions, tigers and bears! Awaken your inner zoologist to study different species, both realistic and mythical, and create their ideal habitat in your zooscape.

**Price: \$315 (\$290 members)**

## Ride the Brainwave

June 10-14

Cowabunga! Surf the brainwave and explore what makes us think, move and make decisions.

**Price: \$315 (\$290 members)**

## Melody Makers

June 17-21

This camp is sure to strike a chord with young musicians as we dive into the lovely sound of music and discover how music affects our body and mind. Join us in this jam session!

**Price: \$315 (\$290 members)**

## Minecraft Builders

June 24-28

Ready player fun! Research the science behind your favorite elements of Minecraft and collaborate to build a unique Minecraft village! Each day offers a host of new hands-on challenges, as well as time working in Minecraft Education Edition.

**Price: \$315 (\$290 members)**

## Space to Shine

July 1-5

3, 2, 1 BLAST OFF! Design your very own spacecraft using NASA's engineering process, test solar panels, and experiment with rockets! Don't get left in the dark!

**Price: \$315 (\$290 members)**

## Master Builders

July 8-12

BAM! How many ways can you destroy a LEGO creation? Can you build it to be indestructible, or break in a specific place? This camp is sure to be a BLAST as we explore how to build a structure that is meant to break in explosive ways!

**Price: \$315 (\$290 members)**

## The GREAT Lakes Jr.

July 15-19

Are you ready to take a deep dive into the Great Lakes? Explore the ecosystem surrounding the Great Lakes and become a conservation scientist. Get ready to go green and make a splash.

**Price: \$315 (\$290 members)**

## The Science of Art

July 22-26

Red, yellow and blue! Learn the science behind art, and apply that knowledge to create a masterpiece. Experiment with different techniques and mediums to have creative fun, and display your favorite pieces at our end-of-week art show! *In partnership with Museum of Contemporary Art (moCa) Cleveland.*

**Price: \$315 (\$290 members)**

Museum of  
Contemporary  
Art Cleve  
land

## Go for Gold

July 29 – August 2

Run, jump and dash your way to a podium win. Join us at the start, as we build our Olympic team. Learn about the Olympics, different sports and play to win!

**Price: \$315 (\$290 members)**

## TechTrek

August 5-9

Experiment with the Internet of Things, 3-D printing technology, encryption and more in this camp all about emerging technology!

**Price: \$315 (\$290 members)**

## Bugs by the Billions

August 12-16

1..2...3... a billion! Come along as we travel through the tall grass and look up in the trees at the bug worlds around us. Learn about different bugs and their habitats.

**Price: \$315 (\$290 members)**

# 3-6 CAMPS

8:15 a.m. to 4 p.m.

## The Science of Sound

June 3-7

Can you march to the beat of your own drum? Learn how sound works and how music affects the brain. See music right before your eyes!

**Price: \$315 (\$290 members)**

## The GREAT Lakes

June 10-14

Let's make a SPLASH! Dive into preserving ecosystems, learn about invasive species, and become a conservation scientist. How will you help save the Great Lakes?

**Price: \$315 (\$290 members)**

## Wildlife Wonders

June 17-21

Leaping lizards! Zoologists unite as you discover different species of animals and what they need to survive. Can you design and build an ideal zoo environment to keep all of your species as happy as a clam?

**Price: \$315 (\$290 members)**

## Build It, Break It

June 24-28

Calling all masters of LEGO! You've built amazing designs, but have you destroyed them? Explore how to build a structure that is meant to break in explosive ways!

**Price: \$315 (\$290 members)**

## Space to Shine

July 1-5

Totally space out! Test out your very own rockets, experiment with solar panels, and follow the process set by NASA's engineering team to design your own spacecraft!

**Price: \$315 (\$290 members)**

## Minecraft Engineers

July 8-12

Collaborate to build a unique Minecraft village based on real-world research, experiments and activities! Each day offers a host of new hands-on challenges, as well as time working in Minecraft Education Edition.

**Price: \$315 (\$290 members)**

## Brainstorm

July 15-19

Let's head into the brainstorm! We are going to travel through the brain, as we inspect the different lobes and how they help us in our thinking, movement, decision making skills and more!

**Price: \$315 (\$290 members)**

## The Science of Art

July 22-26

From style to techniques, discover how creative science can be when mixed with art. Make a masterpiece and apply your knowledge of science to create something fun and beautiful to display at our very own camp art gallery on Friday! *In partnership with Museum of Contemporary Art (moCa) Cleveland.*

**Price: \$315 (\$290 members)**

Museum of  
Contemporary  
Art Cleveland  
land

## Go for Gold

July 29 – August 2

3..2..1.. GO! The Olympics are here! Join us on the podium as we travel the world. Help your team in sport challenges, and learn about the Olympic games!

**Price: \$315 (\$290 members)**

## Insect Investigators

August 5-9

Grab your magnifying glasses, it's time to explore the world of insects! Take an in-depth look at the life of bugs, their habitats, and so much more as you investigate the insect world around you!

**Price: \$315 (\$290 members)**

## InnoTech

August 12-16

What is AI and how does it work? How close are we to having our own self-driving cars? Experiment with these concepts and more innovations of your own. The future is now!

**Price: \$315 (\$290 members)**

# REGISTER TODAY!

## How to register for camps at the Science Center:

### **1** Online at [GreatScience.com](http://GreatScience.com)

Please register each child separately.

### **2** By phone at **216-621-2400**

Camps run Monday through Friday, 8:15 a.m. to 4 p.m. Camper drop-off runs from 8:15-9 a.m. and pick-up runs from 3:15-4 p.m.

Register your child for the grade level they will be attending this coming school year.

Camp themes allow students to be inside and outside during the day. Please have your camper arrive dressed for the weather. This includes pre-applying sunscreen before the camp day starts. Camp activities and daily schedules are subject to change.

Campers may bring a brown bag lunch or pre-order a boxed lunch from the Science Center. Boxed lunches are \$50 per week. Campers are asked to bring a water bottle and snack each day of camp.

Check out our  
new menu  
options online!

## Payment Plans

Payment plans are available for Camp Curiosity. A 25 percent down payment is required at the time of registration and 25 percent is due every 30 days thereafter until full payment is made. A \$10 service fee is applied. Full payment for a session is due no later than three days before the start of camp. Any remaining balance will be automatically charged three days before a session begins. Campers cannot attend any session that has not been paid in full.

## Refund and Cancellation Policy

Cancellations must be made more than 14 days before the registered program date to receive a refund. A 25 percent administrative fee will be withheld. No refunds will be given within 14 days of the program date.

## Experienced Teachers

Each camp is led by an experienced local teacher, assisted by camp counselors including science professionals and college students with documented experience working with children. All summer camp staff members are CPR, AED and first aid certified and have passed criminal background checks.

## Discounts

Early Bird Discount: Register by March 31 and receive \$20 off per camp session, register by April 30 and receive \$10 off. Alumni Discount: Returning camp children receive a \$10 discount. Multi-Week Discount: Campers who sign up for more than one week of camp receive a \$10 discount off each additional week. Siblings registered for the same weeks receive a \$5 discount. Member Discount: Science Center members always save \$25 per camp!

Discounts can be combined to build the best value for your budget.

## Before- and after-care

Before-care is offered starting at 7:30 a.m. for an additional \$30 per week. After-care is offered until 5:30 p.m. for an additional \$60 per week. Register for both extended care options for \$80 per week.

## Scholarships

We are proud to offer need-based scholarships for camp attendees. Students that qualify for free- or reduced-cost lunch at school may qualify for a camp scholarship. For details, see the scholarship application online at [GreatScience.com](http://GreatScience.com), or write us at [scholarships@glsc.org](mailto:scholarships@glsc.org).
