STAY CURIOUS!

Welcome to Camp Curiosity for summer 2019! Our summer day camp program has undergone an incredible transformation this year.

Our new camp structure is completely revamped and the schedule is easier to navigate – with all the hands-on fun, one-of-a-kind experiences, STEM fundamentals and unforgettable memories built right in. We're also thrilled to welcome our brand new East Side satellite camp location, Gilmour Academy in Gates Mills, into the Camp Curiosity program!

Camp Curiosity offers your child time to be outdoors, access to Science Center exhibits and DOME Theater movies, and camps led by licensed local teachers. From chemistry to physics and robotics to engineering, campers will see how STEM is part of their everyday lives.

Science Center camps offer you three convenient locations, discount options including early bird registration, membership discount and multiple registrations, scholarship opportunities, before- and after-care availability, and peace of mind knowing your child is receiving an enriching, safe and individualized experience. Science Center members receive a \$20 discount per camp in addition to free admission for a year, access to exclusive events, and discounts in our café, Science Store and parking garage. Find more information on membership levels at GreatScience.com.

We hope to see you this summer at Camp Curiosity!

K-8 SUMMER CAMP THEMES

RACE TO SPACE: ROCKETS TO ROVERS

\$270 (Science Center & Westlake), \$285 (Gilmour)
Members: \$20 discount

Northeast Ohio's premier NASA space camp. From the minds behind the NASA Glenn Visitor Center comes a week of testing rockets, exploring planets and programming rovers. Prepare to lead us into the future. We are GO for launch!

*Includes field trip to see the work NASA is doing in Northeast Ohio.

RACE TO SPACE: APOLLO CHALLENGE

\$270 (Science Center & Westlake), \$285 (Gilmour)
Members: \$20 discount

Celebrate the 50th anniversary of Apollo 11, the mission that landed the first men on the moon, during Northeast Ohio's premier NASA space camp. Pay respect to the past and use what was learned through Apollo to challenge the future of space exploration. Venture deep into technology, chemistry and engineering to find new ways to reach for the stars!

*Includes special NASA 50th anniversary Apollo programming.

DESIGN STUDIO: MOVERS AND MAKERS

\$270 (Science Center & Westlake), \$285 (Gilmour)
Members: \$20 discount

If you can dream it, you can do it. Team up with your friends to identify and solve real-world problems. Design with CAD, fabricate with 3-D printers and build the skills to make a better tomorrow.

THRILL RIDE: THE FORCES OF FUN

\$270 (Science Center & Westlake), \$285 (Gilmour)
Members: \$20 discount

Accelerate into the exciting world of physics! Use mechanics, matter and magnetism to make an impact. Create the perfect balance of excitement and learning so you don't lose momentum this summer!

READY PLAYER FUN: LEVEL UP!

\$270 (Science Center & Westlake), \$285 (Gilmour)

Members: \$20 discount

Whether you are a “n00b” or a pro, PC, mobile, or console gamer, this is the camp for you! Express yourself through your avatar and gamertag. Hone your coding skills by venturing beyond the games you already know and love. Discover the game theory behind Minecraft and Pokemon Go! to help your squad develop the next big thing.

AGENTS OF STEM: CRACK THE CODE

\$270 (Science Center & Westlake), \$285 (Gilmour)

Members: \$20 discount

Think you have what it takes to solve the mysteries of Camp Curiosity? Investigate for clues with the other agents and join the top secret mission! This adventurous week will lead you into challenging capers with brain-teasing plot twists. Research, analyze and decipher your way out of complex escape rooms and build spy technology for your robot recon. The impossible is possible once you become an Agent of STEM!

SCI-QUEST: WHAT MAKES A HERO SUPER

\$270 (Science Center & Westlake), \$285 (Gilmour)

Members: \$20 discount

Become a science superhero as you turn sci-fi into sci-fact. Create your own origin story and use STEM to craft your extraordinary powers. Experiment with potions, design capes, go on quests, and turn make believe into reality. End the week showing off your abilities at STEMCon! May the Force be with you, young Jedi!

JULY 29 - AUGUST 2

Ready Player Fun: Level Up!

AUGUST 5 - 9

Race to Space: Rockets to Rovers

AUGUST 12 - 16

Thrill Ride: The Forces of Fun

"We wanted to say thanks for the great camp experience our son had this summer! It's certainly challenging to motivate a middle schooler and we've tried several camps over the years, which didn't seem to engage him at the level GLSC did. He was truly excited about what he did each day, the friends he made and looked forward to the upcoming days and week at the camp. We will definitely recommend and are interested in participating in future camps during the school year and summer."

- Julia D.

GILMOUR ACADEMY CAMP DATES

GREAT LAKES SCIENCE CENTER - PRE-K CAMPS

Price: \$110 • Member Price: \$90

SUPER SLEUTHS • JUNE 3 - 7

Are you ready for some sneaky science? Learn about your unique fingerprints, create your own disguise, and try to set a tricky trap. Solve a mini-mystery using your newfound powers of deduction and reasoning.

JUNIOR ENGINEER • JUNE 10 - 14 or JULY 8 - 12

Unleash your creativity! Use common items to make things that move, roll, or fly. The only limit is your imagination.

NEW NEWTONS • JUNE 17 - 21 or AUGUST 12 - 16

Move it, move it! Play with pushes and pulls to gain hands-on experience with the most elementary of scientific concepts: force and motion.

PRESCHOOL PLAYERS • JUNE 24 - 28 or JULY 29 - AUGUST 2

Play on! Fun and games are in store for our youngest players as they work together to earn big points and develop new skills.

SPACE EXPLORERS • JULY 15 - 19 or AUGUST 5 - 9

Prepare for an out-of-this-world adventure! Explore the night sky and learn about the moon, planets and constellations as you get hands-on with all things space.

SCIENCE SUPERHEROES • JULY 22 - 26

Reveal your secret identity while exploring the super powers of people and animals! Unmask how science and technology have given us the power of flight. See through the science of invisibility and X-ray vision and discover your super power!

ALL NEW! HIGH SCHOOL SUMMER CAMP

JUNE 10 - 14

The Camp Curiosity experience for campers in grades 9-12 is designed to inspire and motivate the leaders of tomorrow by creating a safe and positive environment to equip teens with the tools and skills they need to be the change they envision.

Daily activities for teen campers are balanced between leadership seminars to build confidence and communication skills, putting those skills into practice by working with camp staffers, and participating in customized activities that connect them to valuable STEM career paths.

WHAT'S IN STORE EACH DAY?

WELCOME/SIGN-OUT – The Camp Curiosity experience begins the moment you pull into the designated drop-off area. At the start and end of each day, a camp staffer will greet you at your vehicle and verify your information for maximum safety.

GROUP TIME – Your child will head to their assigned multi-age group where they will build relationships with peers, teachers and counselors through pre-camp activities and team-building exercises. During these sessions, staff learn more about your camper and make sure their individualized needs are being met. We want to ensure that each child's experience is the right balance of having fun, making friends, challenging their skills and sparking their curiosity.

PROGRAMMING – Each camp group follows an individual schedule with a blend of scientific content, outdoor play, and Science Center experiences. All content is taught by licensed educators from throughout Northeast Ohio. Each day focuses on a different aspect of STEM which allows us to continue to monitor the group dynamic. If we find that a camper would benefit from switching to another age group, we will work with you to find the right fit.

LUNCH – Campers have dedicated time to relax, socialize, eat a healthy lunch and get re-energized for the second half of their day!

TIME OUTDOORS – All campers take a daily trip outside to let loose and dedicate time to just play. Physical activities outside can include team games, playtime with water, or having fun just being silly!

ALL CAMP – Each day, the entire camp meets to play games and engage in challenges. This time creates a sense of community, energy and excitement unique to Camp Curiosity.

During their week at Camp Curiosity, teens will gain real-world experience, build relationships with campers, peers and teachers, and explore connections to potential future STEM careers.

To learn more about opportunities for teens visit GreatScience.com.

REGISTER TODAY!

How to register for camps at the Science Center:

1. Online at GreatScience.com

Please register each child separately.

2. By phone at 216-621-2400

Call us Monday through Friday
from 9 a.m. to 5:30 p.m.

Payment Plans

Payment plans are available for Camp Curiosity. A 25 percent down payment is required at the time of registration and 25 percent is due every 30 days thereafter until full payment is made. Full payment for a session is due no later than three days before the start of camp. Any remaining balance will be automatically charged three days before a session begins. Campers cannot attend any session that has not been paid in full.

Refund Policy

Cancellations must be made 14 days before the registered program date to receive a refund. No refunds will be given within 14 days of the program date. A 25 percent administration fee will be withheld for cancellations made 14 days or more before the program date.

Cancellation Policy

Great Lakes Science Center reserves the right to cancel any program up to two weeks before it starts and will provide a full refund in the case of insufficient enrollment.

Experienced Teachers

Each camp is led by a licensed local teacher, assisted by camp counselors including science professionals and college students with documented experience working with children. All summer camp staff members are CPR, AED and first aid certified and have passed criminal background checks.

Discounts

Early Bird Discounts: Register for camp by March 1 and receive a \$20 discount per camp.

Additional Week Discount: At registration, sign up for more than one week of camp and receive a \$10 discount off each additional week.

Sibling Discount: Sign up one child and each additional sibling receives a \$5 discount for that week as well.

Membership Discount: Members save \$20 per camp.

Scholarships

We are proud to offer need-based scholarships for camp attendees. Students that qualify for free or reduced cost lunches at school may qualify for a camp scholarship. For details, see the scholarship application online at GreatScience.com, or write us at scholarships@glsc.org.

CAMP LOCATIONS

Great Lakes Science Center

601 Erieside Ave.
Cleveland, OH 44114

Gilmour Academy

Lee Burneson Middle School
2260 Dover Center Road
Westlake, OH 44145

WHAT TO KNOW ABOUT PRE-K CAMPS

Great Lakes Science Center:

- Pre-K camps run 8:30-11:30 a.m.
- Children ages 3-5 (not enrolled in kindergarten) may attend.
- Children **MUST** be potty-trained in order to attend.
- Camp themes allow students to be inside and outside during the day. Please come dressed for the weather. This includes pre-applying sunscreen before the camp day starts.
- Campers must bring a snack each day of camp.
- All sessions include exploration of Science Center exhibits and offerings.
- A more detailed e-mail about camp specifics will be sent after registration. Activities and field trips are subject to change based on availability.

WHAT TO KNOW ABOUT K-8 CAMPS

- Camps run Monday through Friday, 8:30 a.m. to 3:30 p.m. unless noted otherwise.
- Camp themes allow students to be inside and outside during the day. Please come dressed for the weather. This includes pre-applying sunscreen before the camp day starts.
- All sessions include exploration of the Science Center exhibits and a movie in the Cleveland Clinic DOME Theater. Gilmour Academy and Westlake sessions will visit the Science Center as part of a field trip.
- Campers are asked to bring a water bottle and snack each day of camp.
- A more detailed e-mail about camp specifics will be sent after registration. Activities and field trips are subject to change based on availability.

Great Lakes Science Center:

- Before-care is offered 7:30-8:30 a.m. for an additional \$30 per week.
- After-care is offered 3:30-5:30 p.m. for an additional \$60 per week.
- Register for before- and after-care together for an additional \$80 per week.
- Campers may bring a brown bag lunch or pre-order a boxed lunch.

Gilmour Academy:

- Before-care is offered from 7:15-8:30 a.m. at the lower school for an additional \$30 per week.
- After-care, including a daily snack, is offered 4-6 p.m. at the lower school for an additional \$60 per week.
- Register for before- and after-care together for an additional \$80 per week.
- Daily lunch is included for camps at Gilmour.

Westlake:

- Campers must bring a brown bag lunch, water bottle and snack each day of camp.
