**Great Lakes Science Center offers half price admission
for all dads on Father's Day weekend**

CLEVELAND (May 15, 2018) – Great Lakes Science Center is making it easy to plan a special day for dad with a Stay Curious weekend Father's Day edition half price admission deal!

On Saturday, June 16 from 10 a.m. to 5 p.m. and Sunday, June 17 from noon to 5 p.m. all dads (or uncles, grandpas, brothers, stepdads, etc.) will receive half off the price of any general admission or combo admission ticket.

Guests of all ages can check out amazing science demos, the Lift Off! Big Science Show and hands-on activities including a special BASF Kids' Lab: pHun Factor where guests will learn all about pH levels, acids and bases, and a Wonders of Water workshop sponsored by the Northeast Ohio Regional Sewer District.

Make lasting memories and give dad the gift he really wants, quality time spent with family!

Stay Curious weekend schedule:

- Energize It! Demonstration: 11:15 a.m. Saturday and 1:15 p.m. Sunday
Thermal, chemical, potential, kinetic, oh my! Energy is all around us as we investigate how energy can transform in a variety of ways, sometimes with explosive results!
- NEORS D Wonders of Water hands-on workshop: noon Saturday and 2 p.m. Sunday
Learn what's lurking in your water that you can't see or smell, use chemistry and technology to see the unseen, and use your imagination to engineer a robotic micro-organism that is yours to keep.
- BASF Kids' Lab hands-on activity: "pHun Factor": 11 a.m. to 4 p.m. Saturday and 1-4 p.m. Sunday
Get hands-on and explore the amazing colors that indicate if something is an acid or a base.
- Lift Off! Big Science Show: 2:15 p.m. Saturday and 3:15 p.m. Sunday
Before you can launch into outer space, you must first get off the ground. Things go up and come down, sometimes with a bang, in this high energy demonstration.

(Editor's note: The Science Center is now on its summer operating schedule, Monday through Friday 10 a.m. to 5 p.m. and Sunday noon to 5 p.m.)

About Great Lakes Science Center

Great Lakes Science Center, home of the NASA Glenn Visitor Center, makes science, technology, engineering and math (STEM) come alive for more than 300,000 visitors a year through hundreds of hands-on exhibits, temporary exhibitions, the Cleveland Clinic DOME Theater, Steamship *William G. Mather*, daily science demonstrations, seasonal camps, and more. The Science Center is funded in part by the citizens of Cuyahoga County through Cuyahoga Arts and Culture. Visit **GreatScience.com** for more information.
