EVENTS AT GREAT LAKES SCIENCE CENTER

From a magnificent celebration to an intimate gathering, enjoy the best views of downtown Cleveland and Lake Erie from any of the museum's spacious floors, exhibits, or outdoor decks.

Rent the full museum or by floor. Event space is available for daytime and evening events. Guests will be entertained for hours as they explore one of our three interactive exhibit spaces!

Convenient parking is available in the museum's attached garage and included with evening rentals or offered at a discounted rate for daytime events.

Great Lakes Science Center offers outstanding event consultation and customizable catering options. Creativity is encouraged and custom packages can be designed to give your guests an unforgettable experience.

- Daytime rentals take place between the hours of 8 a.m. – 5 p.m.
- Parking for **DAYTIME** events in the museum's garage is offered at a discounted rate of \$5 per car
- Great Lakes Science Center offers several options for teambuilding activities and interactive demonstration carts. A menu of options and pricing will be provided upon request.
- Admission to the museum is not included with daytime rentals unless noted. For groups of 10 or more, group rate discounted pricing will be offered

EXHIBIT & EVENT SPACES

Great Lakes Science Center offers many options for private events. The museum has stunning views of Lake Erie from both its indoor and outdoor event spaces.

Choose from an exhibit floor, outdoor decks, or the spacious Promenade Level to host a truly unique experience for your guests.

LEVEL 1: NASA GLENN VISITOR CENTER

Explore the past, present, and future of human space exploration. Look inside the actual 1973 Skylab 3 Apollo Command Module, experience a multi-media trip through landmark moments in space history, see artifacts from John Glenn's February 20, 1962 Friendship 7 mission, check out a real moon rock and more! Features the Discover Stage, perfect for small gatherings and presentations.

BIOMedTech Gallery (part of Level 1)

Enter the fascinating world of biomedical technology and engineering and discover how cutting-edge technology impacts our lives. Control a prosthetic arm. Learn about positron emission tomography (PET) scan technology. Get up close to a magnetic resonance imaging (MRI) machine. Explore the inside of a stomach with an endoscopic camera and so much more!

Discover Stage

LEVEL 2: SCIENCE PHENOMENA

Have you ever wondered: How does that work? Why did it do that? What would happen if I changed it? These are the questions asked by scientists as they explore the world around us. Here's your chance to meet your inner scientist as you explore electricity and magnetism, light and optics, motion and mechanics, sound and resonance, and more!
