March movie madness in the DOME Theater at Great Lakes Science Center

CLEVELAND (March 7, 2018) – As Great Lakes Science Center welcomes back the LEGO-inspired exhibition Build It! Engineering fun one brick at a time – presented by ArcelorMittal this Friday, March 9, it will be accompanied by “LEGO-motion: The Brickfilms of Michael Hickox” a special program of stop-motion animated videos compiled by YouTube animator Hickox.

The movie was compiled especially for the Science Center and will show once a day in the Cleveland Clinic DOME Theater at 1 p.m. on Fridays, Saturdays and Sundays. With a special run time of 25 minutes and an adjusted ticket price of \$5, the movie is geared toward guests with younger children who may not be ready to commit to a full-length DOME documentary feature.

March also kicks off the next round of movies in the Take Two! Double Features at the DOME series with two sports comedy classics on Saturday, March 24. Michael Jordan and Bugs Bunny take on alien invaders in a cosmic basketball game in “Space Jam” at 6 p.m. followed at 8 p.m. by “Major League,” just in time for the return of baseball season!

In space no one can hear you scream (but the other people in the theater probably can)! Join the Science Center on Saturday, April 14 for back to back science fiction/horror classics “Alien” at 6 p.m. followed by “Aliens” at 8 p.m.

Take Two screens a Tom Cruise double feature on Saturday, May 26 with “Top Gun” at 6 p.m. followed at 8 p.m. by “Mission: Impossible.”

Then in June it’s a double helping of Star Lord, Rocket Raccoon, Groot and the rest of the Guardians when “Guardians of the Galaxy” screens at 6 p.m. on Saturday, June 30 followed by “Guardians of the Galaxy Vol. 2” at 8 p.m.

All eight Take Two films will be shown in industry standard picture ratio using a state-of-the art projection system and 11,600 watt digital sound system. Beer, wine and other concessions will be available. Tickets for all eight features are on sale now and are available online at GreatScience.com or by phone at 216-621-2400.

Take Two movie tickets are \$10 for a single movie, \$9 per movie for two movies purchased together, or \$7 per movie for three or more movies purchased together. Discounted parking is also available for \$3 per night (when purchased in advance).

(Editor's note: The Science Center's normal fall/winter operating schedule is Tuesday through Saturday 10 a.m. to 5 p.m. and noon to 5 p.m. Sundays. The Science Center will be closed on Sunday, April 1 but will be open from 10 a.m. to 5 p.m. on Monday, April 2 for special spring break hours.)

About Great Lakes Science Center

Great Lakes Science Center, home of the NASA Glenn Visitor Center, makes science, technology, engineering and math (STEM) come alive for more than 300,000 visitors a year through hundreds of hands-on exhibits, temporary exhibitions, the Cleveland Clinic DOME Theater, Steamship *William G. Mather*, daily science demonstrations, seasonal camps, and more. The Science Center is funded in part by the citizens of Cuyahoga County through Cuyahoga Arts and Culture. Visit **GreatScience.com** for more information.
